Standards of Care: The BC Podiatric Medical Association, the Canadian Standards Association (CSA Z314:23), Canadian Association of Foot Care Nurse, Foot Canada Training & Infection and Prevention Control Canada, currently uphold the highest provincial / national standards with respect to infection control and safe patient care. **All instruments are either to be sterile single-use instruments, or instruments are to be steam autoclaved for sterility after each patient onsite or offsite.** *These are the standards to be expected from your Podiatry/Foot Care Registered/Licensed Health Care Professionals in British Columbia.*

Fees: *Fees are estimates only. Contact the Foot Care provider directly to discuss billing options and fees, as they can vary depending on the services provided, the service provider and your individual medical coverage.*
